WHY DO WE RUN?

We are all part of the Oakdale School Foundation. However your family chooses to participate in the progress of Oakdale School, every student - including yours - benefits from numerous OSF-funded programs our teachers implement within their classrooms each year.

Please join us in continuing to make the Rocket Run a fun, successful event that allows us to fund these requests to improve the quality of our kids' education and the value of our community. Visit osfoakdale.org to find more information on how OSF funds are used.
